

**DeoxIT® - Contact Cleaner & Rejuvenator**  
(formerly ProGold)

*More than a Contact Cleaner . . . Chemically Improves Connections (**without harm to metals and plastics**)*

**DeoxIT® contact cleaner** is a fast-acting deoxidizing solution that cleans, protects, lubricates and improves conductivity on all metal connectors and contacts.

**Use as a general treatment for connectors, contacts and other metal surfaces,** and on non-critical metal surfaces with severe oxidation and corrosion. If the metal surface is discolored, it is severe. DeoxIT® dissolves the contamination and protects the surface. For reference, DeoxIT® has approximately 20% cleaning action.

0. **KEY FEATURES:**

- 0. Improves Conductivity
- 0. Deoxidizes, Cleans & Preserves
- 0. Reduces Intermittent Connections
- 0. Reduces Arcing & RFI
- 0. Reduces Wear & Abrasion

Temperature Range, -34 C (-29 F) to +200 C (400 F)
